Sub: Answer to RTI application No.139-11/IISS/RTI/2017 dated 07.11.2017 of Mr. Yogesh Munna Lal Paliwal

1. M/s Nagarjuna Agrochemicals Pvt Ltd. (NAC), Hyderabad first approached ICAR-IISS, Bhopal in the year 2012 for testing/validation of a soil test kit which was developed by ANGRAU, then available with them. ICAR-IISS tested that soil test kit and suggested some possible steps of improvement. However, after few years they again approached ICAR-IISS for a possible collaboration in bringing out an improved soil test kit. Initially the talk was held through personal visits and phone. The formal proposal from them came in the year 2014 (*letter dated 26.07.2014, enclosed*). This eventually resulted in formulation of a project for making new soil test kit.
- 2.1 The answer to this question is not available in our records.
- 2.2 NAC, Hyderabad had not made a prototype sample available to ICAR-IISS, Bhopal.
- i. The project formally started in November 2014 (The MOU of the project is available at our website under the RTI reply 99-2/IISS/ RTI/2016 dt. 20/02/2016. The answer to second part of this question is not available in our records.
3. The answer to this question is not available in our records.
4. The answer to this question is not available in our records.
5. In one of their letters they informed us about the kits and licenses available with them (*letter dated 4.08.2014*). The issues pertaining to soil test kits developed by IARI, New Delhi and IISS, Bhopal were discussed in a meeting held under the Chairmanship of Hon'ble DG ICAR. The proceeding of the meeting is enclosed.
6. The answer to this question is not available in our records.
7. The answer to this question is not available in our records.
8. The relevant letter is attached (*email dated July 31, 2014, enclosed*).
9. The answer to this question is not available in our records.
10. The information pertaining to research data, specifications of components, and composition of chemicals cannot be disclosed since some of the information may help to copy *Mridaparikshak*. However, the information and proceedings pertaining to administrative and financial matters is enclosed.
11. The answer to this question is not available in our records.
12. We received the proposal of NACPL through Head Quarter (ICAR). However, after discussion development of a new kit was decided (*letter dated 4.08.2014, already enclosed*).
13. The relevant letter enclosed (*letter dated 26.07.2014, enclosed*). The second part of the question is not clear. "Please provide all letters received by you-----". Received from whom? In what connection? The institute has received thousands of letters since inception majority of which do not pertain to *Mridaparikshak*. However, letters pertaining to *Mridaparikshak* are enclosed. Those letters/attachments where different components of the technology are displayed/discussed are withheld.
14. The answer to this question is not available in our records.
15. The information available with us is enclosed.
16. The information pertaining to name of collaborators from NAC, Hyderabad is enclosed. The daily work progress is entered in the data notebook which is an intellectual property and cannot be shared. In fact, the personnel from NAC, Hyderabad were not staying in IISS. They were visiting IISS when the discussion was warranted, and rest of the time they were working at their own place of work.
17. The answer to this question is not available in our records.

18. The answer to this question is not available in our records.
19. It was not necessary for IISS personnel to visit outside for the development of Mridaparikshak. However, personnel from Nagarjuna Agro chemicals visited the institute as and when required.
20. The answer to this question is not available in our records.
